Exploring careers

**What does this  
mean to you and  
your future  
career planning?**

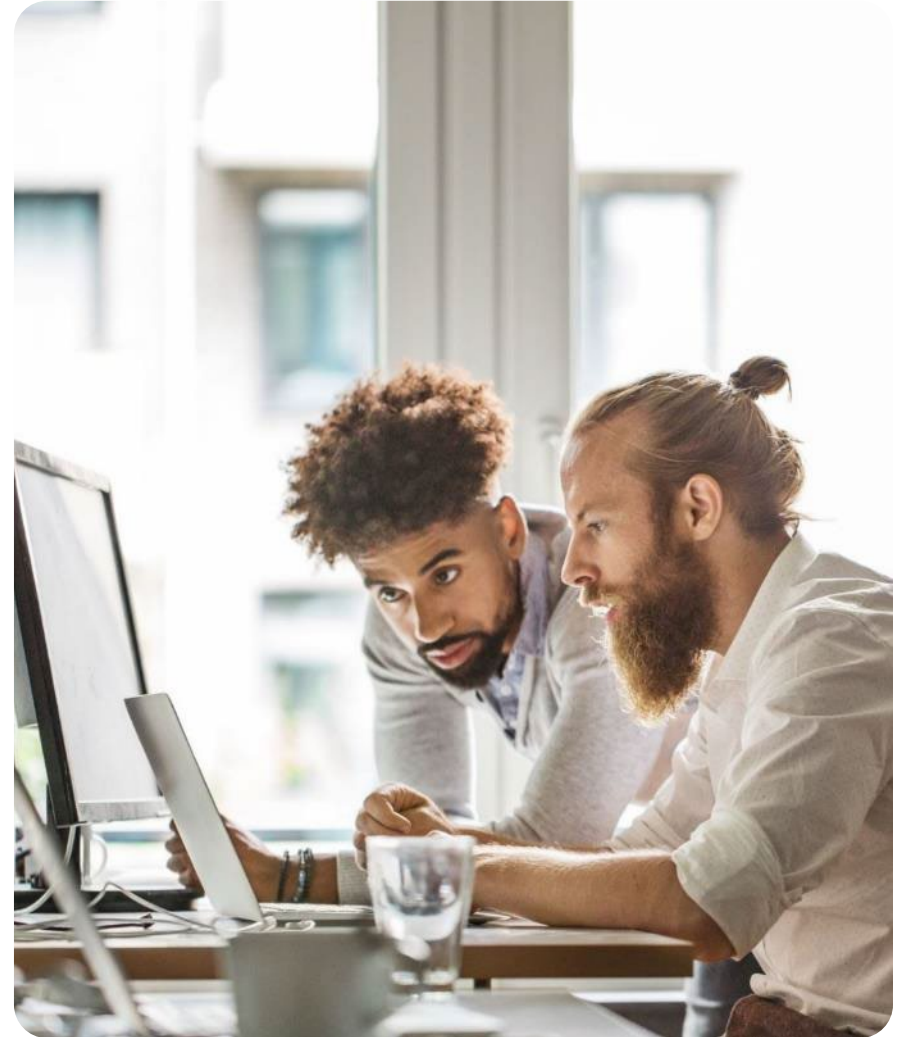

Exploring careers

## Priority Sectors

- Healthcare
- Construction
- Business and financial services
- Advanced Manufacturing
- Creative and digital
- Logistics

Exploring careers

# Next Steps

- Start to research different jobs in the priority sectors using <https://nationalcareers.service.gov.uk/>
- Identify some local firms that you could speak to about the types of jobs that you are interested in – and build a list of questions to ask them
- Look at apprenticeships in the job areas of interest at <https://www.apprenticeships.gov.uk/apprentices/browse-apprenticeships>
